Work Experience

Freelance

Jc Construction-Ikeja
June 2024 to August 2024

As a freelance web developer for JC Rentals, I designed and developed a dynamic e-commerce platform. My key contributions included:

• Requirement Analysis: Collaborated with the client to translate business needs into technical specifications.

• Front-End Development: Created a responsive UI using HTML, CSS, JavaScript, and React.

• Back-End Development: Built server-side logic with PHP and Laravel.

• Database Management: Designed and optimized the MySQL database.

• Testing and Debugging: Ensured reliability through comprehensive testing.

• Client Communication: Provided regular updates and gathered feedback.

This project enhanced my full-stack development skills and client management abilities, leading to the successful launch of JC Rentals' online presence.

Freelancer

Upwork, Freelancer.com-Ikeja
January 2022 to January 2024

As a dedicated freelance web developer, I have successfully completed numerous projects on Upwork and Freelancer.com since January 2022. My expertise spans across various technologies including PHP, HTML, CSS, JavaScript, React, and Laravel. I have collaborated with clients from diverse industries, delivering high-quality web solutions tailored to their specific needs.

Key Achievements:

Developed and launched multiple e-commerce websites with seamless payment integration using Paystack, enhancing user experience and boosting client sales.

Created and maintained dynamic web applications, including a chat app called Buzzchat, utilizing React, PHP, Tailwind CSS, and MongoDB.

Provided ongoing support and maintenance for clients, ensuring their websites remain up-to-date, secure, and fully functional.

Collaborated with clients such as JC Rentals and Bluebell, delivering projects on time and within budget, resulting in high client satisfaction and repeat business.

Skills and Technologies:

• Front-end Development: HTML, CSS, JavaScript, React, Tailwind CSS

• Back-end Development: PHP, Laravel, MongoDB

• Payment Integration: Paystack

• Project Management: Agile methodologies, version control (Git)

My commitment to excellence and continuous learning has enabled me to stay ahead in the ever-evolving field of web development. I am passionate about creating innovative solutions that drive business success and look forward to new challenges and opportunities in the freelance world.
